Syllabus

Course Description

This class provides educators with the opportunity to visit and learn about or reacquaint themselves with four local historic destinations to help them make history come alive for their students. The goal is to make learning more meaningful for classes at any grade level by learning about the unique educational programs these historic sites can provide to you and your school. You will be rating four historic, community destinations based on whether or not it would offer a quality fieldtrip experience, what activities and resources are available to support the experience, and how it will enhance the history/social studies curriculum of your grade level. *None of the course work may be duplicated for any other "Discovering Our Community Resources" courses in this series.*

Course Objectives

1. Teachers will learn about educational programs available for their students at four historic locations of their choosing from a pre-approved list of locations throughout the Reno-Tahoe-Carson-FernleyFallon area.
2. By participating in tours of four educational destinations, teachers will develop resource materials for themselves and their colleagues.
3. Teachers will create high-interest, grade appropriate, lessons connected to the Common Core/state standards based on each location visited.
4. Teachers will incorporate these materials into the classroom curriculum, as well as provide educational field trip or outreach information to parents and staff in order to plan meaningful events that will enrich the curriculum for their grade level.

Course Requirements:

1. Enrollment in the course online at www.DominicanCAonline.com.
2. Participants will tour four educational destinations of interest at their convenience. A list of recommended choices is included in the syllabus. Instructor approval is not necessary. Appropriate websites for each site should also be perused.

3. Participants will call at least two days prior to their visit to schedule their visit/tour to each of the destinations they have chosen as well as inquiring whether a docent guide is available. Explain that you are previewing the location as an educator interested in discovering resources for your class, grade level, and/or campus. Remember, hours and rates can vary by season and without notice.
4. Participants will be required to document each visit through pictures or videos of the sites, admission tickets or dated receipt (where required for admission), and resource materials to use in creating lesson plan materials.
5. Completion of this course requires participants to create a resource folder including cost and contact information for future use as well as an appropriate lesson plan and resource materials for each of the four sites visited. Copies of these materials must be submitted to complete the course along with a Reflection, Summary, and Evaluation form for each site, and/or a slideshow of photos that might be used in the classroom with your lesson(s). Coursework should be typed, double-spaced with size 12 font. Reflection write-ups should be a minimum of one page in length and address each question in the coursework. The instructor can be reached at abenamati1@mac.com or 775-232-5185, if there are any questions or concerns.
6. Completed assignments should be submitted by logging into the EDUO 9805 course at DominicanCAonline.com/moodle. Post all coursework at one time in the Completed Coursework DropBox found at the top of the course page. Pictures, documents, or Powerpoints saved as a PDF may be scanned and emailed along with your Word or PDF file of written assignments.
