Course Overview:

More and more school districts nationwide are struggling to implement the many new teaching standards and programs, and many now have to create and implement all new curricula. In order to accomplish this, districts are now mandating that their teacher's attend district run, program-specific workshops. Some districts offer in-district credits; fewer offer stipends; and even fewer offer their teachers access to university units.

This course will support and reward teachers for attending their district sponsored workshops, as well as require that they come away from the experience with something of value to enhance their individual teaching and learning environment.
