OUR STORY

Our Story:

We specialize in providing affordable, accredited graduate-level courses that are available for educators nationwide. Our courses are designed to enhance pedagogical practice and are relevant to K-12 classroom teachers, administrators and other educational professionals. The online delivery model of our courses makes them accessible to educators anytime and anywhere. Our team of accomplished course development instructors continue to create professional learning aligned with evidence-based educational practices and current trends. Our self-paced courses provide a flexible structure allowing educators to access materials and coaching support from their instructor.

94.6% of our students state our courses are high quality
98.1% say our classes meet their needs very well

*Based on survey responses from 3,941 students

The Continuing Education and Professional Development division of The School of Liberal Arts and Education is responsible for all the courses listed in this catalog. Dominican University of CA is fully accredited by the Western Association of Schools and Colleges (WASC). The credit offered is Graduate-Level, meaning that it is post-baccalaureate. It is primarily used for professional development or salary advancement and is transferable to degree programs only on the approval of the institution being petitioned. Graduate-Level Extension Semester Credits/Units are characterized by 15 hours of contact time per credit/unit, and are associated with a measure of knowledge assessment and/or skills implementation. The words Credits and Units are used interchangeably as geographical locations vary in terminology.

*Participants are advised to obtain prior employer approval for use in salary advancement.

Imagine how different it could be. Imagine if we aimed for something different, something research implies will have a much more positive impact on what happens in our classrooms? Imagine if we decided to take ownership of our own teacher improvement... Not only will it improve our practice, but it will do what those training days often fail to do: motivate and sustain our enthusiasm for teaching.

**EDUX 9983 – IGNITE YOUR PROFESSIONAL TEACHING PRACTICE**

COURSE OVERVIEW:
Earn graduate-level credits as you advance your professional practices to promote success and maximize achievement for all students. This course is designed to allow you to create your own professional development pathway to ignite your practice as an educator.

Our course structure supports your continued professional learning goals and offers individualized coaching from our dedicated professional development coordinators to assist you in meeting the accountability requirements of your district. You will meet and interact with your professional development coordinator and other educators in your area to share your new learning during an exit interview.

EDUX 9983, IGNITE YOUR PROFESSIONAL TEACHING PRACTICE, is designed for teachers who are motivated to achieve their professional learning goals through a self-paced, supportive learning community. As experts have stated, “If you don’t have a strong supply of well-prepared teachers, nothing else in education can work” (Linda Darling-Hammond, Professor Emerita, Stanford University). This course will ignite teachers to begin the school year feeling more prepared and energized in their professional practice. Prepared teachers are more confident and more ready to advance their students’ achievement.

4 STEPS FOR SUCCESS!

1. Enroll in EDUX 9983 – Ignite Your Professional Teaching Practice
2. Design your professional learning plan
3. Complete your project(s)
4. Collaborate and celebrate

OBJECTIVES:
By the end of the course, the participant will:
• Develop a professional learning plan that includes a statement of purpose that reflects new learning aligned with district initiatives that maximizes student achievement.
• Engage in teacher directed learning and planning that demonstrates advancing professional practice.
• Provide evidence of how new learning is aligned to instructional and/or professional standards and will be implemented for the 2020-2021 school year.
• Analyze his/her practice and reflect on experiences.

COURSE RELATION TO STANDARDS:
This course aligns with the five core propositions for National Board for Professional Teaching:
• Teachers are committed to students and their learning.
• Teachers know the subjects they teach and how to teach those subjects to students.
• Teachers are responsible for managing and monitoring student learning.
• Teachers think systematically about their practice and learn from experience.
• Teachers are members of learning communities.

EDUX 9984 – Reflecting on Ignite Your Professional Teaching Practice
$280 • 2 Semester Credits/Units

This course is a 6 -8 week, 2 credit course to investigate the impact of the implementation of one of your EDUX 9983 goals on your professional practice.

Step thru a guided reflection process to examine and share your implementation experiences as a member of a small collaborative PLC discussion group and using on-line video conferencing technology, participate in an on-line collaborative conversation with your PLC and instructor that will provide a perfect face-to-face platform for dialogue and self-reflection. Make a determination about the impact of your summer course goal on your students and/or your future professional practice.

Session dates will be announced on our website on March 31, 2020.
EDUO 9944: COMPASSIONATE CLASSROOMS - A GUIDE TO BUILDING SAFE LEARNING COMMUNITIES

$745 • 6 Semester Credits/Units

Travel to California or Colorado and engage in this 2-Week summer workshop where you will make new friends and have an enjoyable learning experience!

COURSE OVERVIEW:

You will not want to miss this opportunity! Our popular two-week workshop has been going strong for over 36 years and will be back again in the Summer of 2020. In this incredible retreat-like experience, educators will collaborate with colleagues while learning how to create environments that promote trusting relationships and social-emotional development. While having fun and making new friends, educators will also experience what it’s like to be in a classroom where students feel welcome, safe, and ready to learn.

Compassionate Classrooms is a live two-week workshop coming to California and Colorado in the Summer of 2020. Through two-weeks of powerful readings, dynamic discussions, and hands on projects, educators will earn 6 graduate level continuing education credits/units through the Dominican University of California. Participants will not only walk away from this experience invigorated, but also ready to build safe learning communities for their students.

PREVIOUS PARTICIPANTS HAVE SAID:

“Finally, a course that actually models what we are learning. It is hands-on and challenges you to continually grow.”

“I have taken this workshop for several years. Each time is better than the last.”

“I wish every teacher could go through this experience. I have grown so much professionally and personally. In just two weeks!”

“The class and instructors are the best! The curriculum is spot on and needs to be shared with all teachers.”

“It was truly a powerful experience and has recharged my love and passion for teaching.”

ENERGIZING STUDENT READING SERIES
$140 • 1 Semester Credit/Unit

EDUO 9044-9046 – Meet Them Where They Are
Many teachers who are not familiar with Young Adult (YA) fiction may regard it with suspicion. And many students will read nothing but Young Adult fiction. Reading and annotating top rated YA fiction will provide information and understanding of the genre to enable you to feel comfortable promoting books that will excite your most reluctant readers. This course allows you to immerse yourself in some exciting tween and teen level books. After reading comes designing book talks, creating files of questions, topics of discussion, writing prompts, etc. to promote and assess your students’ book experiences.

EDUO 9047-9048 – You Can’t Make This Stuff Up
After reading and annotating top rated student level narrative non-fiction*, you will be able to enthusiastically endorse books that will turn on even your reluctant readers. You will read books, design book talks, and create a file of questions, topics of discussion, writing prompts, etc. to promote and assess your students’ book experiences. *Narrative nonfiction (also known as creative or literary nonfiction) books are informational books written in an engaging story-like format.

EDUO 9049-9050 – Make a Difference
Immerse yourself in social and environmental justice books that you would like your students to read. Discuss your reading with similar grade teachers. Prepare book talks, independent reading recommendations, conversation starters and other activities. Guide your students into reading as a path to becoming educated citizens. Prepare opportunities for discussions and activities that help students understand and develop healthy concerns for social and environmental justice.

WRITING SERIES

EDUO 9027 – Teaching the Foundations for Skillful Writing: Assessing the Traits of Writing
$420 • 3 Semester Credits/Units
This course is the prerequisite for this writing series. Voice, Word Choice, Sentence Fluency, and Conventions. Ensure your students’ growth as writers by targeting each trait of writing in a systematic way. Provide clear feedback by learning to assess writing using rubrics and scoring guides. Gain a deeper understanding of each trait by enrolling in the additional courses in this series.

$280 • 2 Semester Credits/Units
EDUO 9018 – Ideas and Organization EDUO 9220 – Voice
EDUO 9019 – Word Choice EDUO 9221 – Sentence Fluency
EDUO 9296 – Teaching Journalism
$140 • 1 Semester Credit/Unit
Instructors will guide students to understand the components of the newspaper, the criteria of a suitable news story, and the values of a journalist.

EDUO 9222 – Whispering to Readers: Independent Reading Plans for the K-12 Classroom
$140 - $420 • 1 - 3 Semester Credits/Units
Ensure that your students are getting the most out of independent reading opportunities. Use the authentic and practical advice of Donalyn Miller, a dedicated teacher who says she has yet to meet a child she could not turn into a reader. Through the use of readers’ notebooks, interest inventories, book reviews, and conferences, turn your classroom into a learning environment that promotes independent reading and your students into lifelong lovers of books.

EDUO 9144 – Media Literacy
$140 • 1 Semester Credit/Unit
Analyze how persuasive media messages shape our culture and society. Develop strategies to guide students to critically examine and evaluate media and other resources to determine authority and reliability.

EDUO 9926 – Essential Guided Reading Instruction
$140 • 1 Semester Credit/Unit
Guided Reading (GR) is an instructional approach that allows you to differentiate reading instruction and improve student outcomes by meeting students at their current instructional level.

EDUO 9224 – Bringing Your Literature to Life
$140 • 1 Semester Credit/Unit
Engage your students in literature exploration. Bring literature to life in your classroom by implementing learning experiences that require students to creatively respond to high-quality children’s books. Involve your students in higher-level thinking skills as they find new possibilities or solutions based on inferences and making predictions. This course is most appropriate for teachers of grades three through eight.

MATH

EDUO 9555 – Teaching Elementary Mathematics – Fractions
$140 - $560 • 1 - 4 Semester Credits/Units
Fractions can be abstract. This course endeavors to make them as concrete as possible. The level of difficulty ranges from simply cutting shapes into halves, fourths and eighths to build 3-dimensional models of mixed decimal fractions. Students will engage in a variety of explorations using manipulatives to discover fractional relationships.

EDUO 9526 – Expand Your Knowledge of Common Core Math Standards
$140 • 1 Semester Credit/Unit
Deepen your understanding of the standards within one domain of the CCSS. Learn how the Standards of Mathematical Practice align to and support your instruction around the domain while developing learning experiences, integrating technology, and reflecting on your teaching practice.

Did you know bulletproof vests, fire escapes, windshield wipers, and laser printers were all invented by women.

UNDERSTANDING AND INTEGRATING COMMON CORE PRACTICES FOR MATH

$140 • 1 Semester Credit/Unit

Actualize the CCSS of Mathematical Practice (MP) in your instruction. Define the Standards of Mathematical Practice within the context of your grade level standards, plan learning experiences, and develop authentic methods of assessment.

EDUO 9542 – MP#1: Make sense of problems and persevere in solving them
EDUO 9543 – MP #2: Reason abstractly and quantitatively
EDUO 9544 – MP #3: Construct viable arguments and critique the reasoning of others
EDUO 9545 – MP #4: Model with mathematics
EDUO 9546 – MP #5: Use appropriate tools strategically
EDUO 9547 – MP #6: Attend to precision
EDUO 9548 – MP #7: Look for and make use of structure
EDUO 9549 – MP #8: Look for and express regularity in repeated reasoning

EDUO 9520 – Teaching Elementary Mathematics: Multiplication
$140 - $420 • 1 - 3 Semester Credits/Units
Develop engaging learning experiences around multiplication for your students. Study the Operations and Algebraic Thinking Common Core State Standards in order to differentiate instruction on multiplication. The course is structured so that you can choose the assignments you want to accomplish depending on the number of units (1, 2, or 3) you are taking, or select those assignments most appropriate for your students.

EDUO 9552 – Exploring with Squares and Cubes (Area and Volume)
$140 - $420 • 1 - 3 Semester Credits/Units
Encourage students to become independent investigators through the use of engaging hands-on activities. Implement lessons that require students to pose questions and tackle problems by applying the scientific method.

EDUO 9575 – Mindset in Math
$140 • 1 Semester Credit/Unit
Help students unleash their potential to learn math through innovative teaching built around mathematical mindsets. Discover how visualizing, playing, and investigating pave the way for open student thinking, for powerful brain connections, for engagement, and for deep understanding of math concepts.

EDUO 9577 – Mental Math Chats: Leveraging Meaningful Math Discussion
$140 • 1 Semester Credit/Unit
Develop an understanding of what a math chat is. Learn how to have meaningful mathematical discussions with number/symbol relationships and computation fluency using mental math as the staple for learning.

EDUO 9130 – What’s YOUR Story? The Art of Digital Storytelling
$280 • 2 Semester Credits/Units
Digital Storytelling is the practice of using technology tools to help tell a meaningful and often heartfelt story. Digital stories are planned. They have a beginning, a middle and an end. The story itself is the most important ingredient. Technology tools add visual and auditory enhancements but the story itself is the key ingredient. Let your students start telling their stories about what they have learned in school and in life.

EDUO 9143 – Creating and Maintaining the Technology-Infused Classroom
$420 • 3 Semester Credits/Units
Develop and grow a tech-infused, teacher guided curriculum that promotes student engagement to meet the needs of your digital learners. Explore how technology is not the maker of successful students but when woven into the learning environment can foster the development of all students in becoming successful, responsible learners in a digitally connected world.

EDUO 9106 – iPad in Your Classroom
$320 • 2 Semester Credits/Units
Maximize the educational impact of mobile devices in your classroom. Explore key features of the iPad, reflect on best practices, examine promising educational apps, and plan for implementation. This self-paced course will assist you with going mobile in your classroom.

EDUO 9871 – Implementing a Maker Space in your School
$420 • 3 Semester Credits/Units
Maker Spaces promote learning through tinkering and creating. Evaluate and analyze the rationale for integrating creativity and innovation in education and work through a systematic process to design and implement a Maker Space in your school.

EDUO 9138 – Nourishing Responsible Digital Users
$140 • 1 Semester Credit/Unit
As schools and society become more intertwined with digital technology, there needs to be a structure that can teach students (and parents) how to act responsibly, appropriately and respectfully to this technology. Looking well beyond the standard Internet Use Policy (IUP) most students and parents sign, this course introduces conceptual elements and supporting activities that approach digital citizenship not as a set of concrete rules but as an organized principles-based path to turn individuals into productive and socially responsible lifetime digital citizens.

EDUO 9125 – Watch This! Creating Powerful Presentations
$280 • 2 Semester Credits/Units
Rethink the way you and your students prepare classroom presentations! Infuse College and Career Readiness standards into your instruction by learning how to make strategic use of digital media and visual displays to express information. Promote digital literacy in your classroom to meet the needs of your 21st-Century Learners. Engage students in creative and collaborative project-based assignments which include use of cutting-edge presentation tools.
