

Cookie Policy and Preferences

We may use cookies and related technologies to recognize you and receive information about your activity on our websites. This helps customize content and show you more relevant ads. Click on the different options below to manage your cookie preferences. Under the California Consumer Privacy Act (“CCPA”), a “sale” of personal information may occur when personal information is transferred to a third party for any form consideration.

The use of certain cookies may be viewed as a “sale” under the CCPA. As described in our Privacy Policy, California residents can request to opt-out of the sale of their personal information to a third party by visiting our Do Not Sell My Personal Information page.

To exercise your “Do Not Sell My Personal Information” right with respect to cookies, you can adjust your Targeted Advertising Cookies and other cookie preferences below by selecting your choice and emailing it support@DominicanCAonline.com. Choices you make regarding cookies are website, device, and browser specific, and are deleted whenever you clear your browser’s cache. This means you need to adjust your cookie preferences on each website, device, and browser you use. [For more information, see our Privacy Policy](#)

Targeted Advertising Cookies

- **Targeting Cookies**

These cookies may be set through our site by our advertising partners. They may be used by those companies to build a profile of your interests and show you relevant advertisements on other sites. These cookies are based on identifying your browser and internet device. If you do not allow these cookies, you will experience less targeted advertising, but you will continue to receive non-targeted or contextual advertising.

- **Social Media Cookies**

These cookies are set by social media services that we have added to the site to enable you to share our content with your friends and networks. They are capable of tracking your browser across other sites and building a profile of your interests. This personalization may influence the content and messages you see on other websites you visit. If you do not allow these cookies, you may not be able to use or see these social media sharing tools.

- **Functional Cookies**

These cookies enable the website to provide enhanced functionality and personalization. They may be set by us or by third party providers whose services we have added to our pages. If you do not allow these cookies then some or all of these services may not function properly.

Performance Cookies

These cookies allow us to count visits and traffic sources so we can measure and improve the performance of our site. They help us to know which pages are the most and least popular and see how visitors move around the site. If you do not allow these cookies, we will not know when you have visited our site, and we will not be able to monitor its performance in the course of your interactions with the site.

Strictly Necessary Cookies

Always Active

These cookies are necessary for the website to function and cannot be switched off in our systems. They are usually set in response to actions made by you which amount to a request for services, such as setting your privacy preferences, logging in or filling in forms. You can set your browser to block or alert you about these cookies, but some parts of the site will not then work.
